We've had a successful major gifts campaign and are now at the stage where the greater Brotherhood joins together with grass-roots gifts to complete our goal. Further campaign details are available at the website listed above including a really neat video.

You can make a one-time donation with your tax refund or other source, or you can leverage your gift to **Beta Theta of Sigma Nu** with little impact to your budget by easy, convenient monthly bank drafts or credit card charges. No envelopes, no checks, no postage, no getting behind and no catching up! Just indicate your preference for leveraging your monthly gift toward a campaign pledge that will preserve our legacy and build our future. A little each month goes a long way! **Circle the option** that's best for you, provide account info, and fax or mail back to the number or address shown above.
